

DECALS, LABELS AND BAR CODES

Since 1966, Diversified Images has been a leading manufacturer of high quality decals, labels and bar codes. Colorful decals, product labels, window decals, parking permits and promotional decals are but a few of the products Diversified Images can produce.

Our decals and labels give you the best visual impact so your products get noticed. Our products can be supplied individually cut or in sheet or roll form. We work to combine our experience of materials to build a product to fit your every need.

If your needs require tracking or tracing, our bar code labels make sure your products get read. We are ready to print your bar codes with the highest quality of scanability.

If you need the addition of consecutive numbering, it can be added to all decals, labels and bar codes.

We have an extensive list of materials available from 3M, Flexcon, Avery, G.E., Arlon and Oracal which consist of...

- Mylar / Polyester
- Vinyl
- Static Cling
- Lexan - Polycarbonate
- Aluminum Foil
- Paper Stock
- Blends
- Polyurethane Doming

And many others.

Diversified Images, Inc. offers a wide range of screen printed products including:
